Welcome to Northridge Hospital...

Hospital Updates:

A message from Julie J. Sprengel

CommonSpirit Health, Southwest Division President and Acting CEO, Los Angeles Surge Hospital

This week, the State of California, County of Los Angeles, Dignity Health, and Kaiser Permanente opened the Los Angeles Surge Hospital (LASH) to treat COVID-19 patients.

It's truly remarkable that these four entities partnered so quickly to create a space that will care for patients suffering from this virus, as well as help relieve some of the pressure on overwhelmed hospitals and caregivers. It is a privilege to be a part of such a dedicated team of physicians, nurses, and leaders who are coming together to be part of this critical endeavor.

To watch this hospital and this remarkable team come together in just a matter of weeks has been awe-inspiring. I would like to share the video below as a reminder that we're all in this together.
