Thank you Frontline Workers at NHMC

The Foundation extends its heartfelt thanks to all of our heroes and reminds them how much we appreciate their dedication to our patients.

Foundation volunteers assembled goody bags, filled with treats and handy items to use. Who doesn't love a goody bag at the end of a long day?

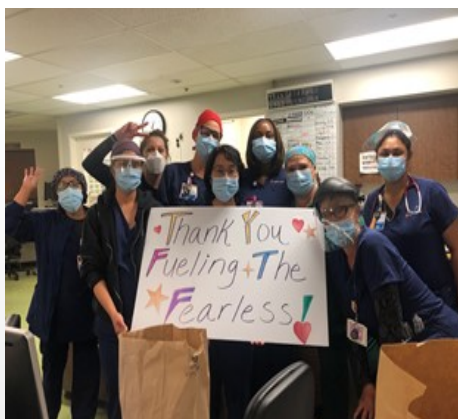

Thank you to the donors who sent in treats for us to put into our bags, Hershey's, CLIF Bars, Liquid I.V., Arbonne, and Matthew:25 Ministries, were all contributors of these great bags!

On the right is a photo of the packages that were delivered to our employees.

Life is amazing when kindness is present, and the potential for kindness is always present.
