Bentley & More, LLP

## FOUNDERS

Dana Pump,  
*Executive Director*

David Pump

The Annual  
Harold & Carole Pump Foundation  
Celebrity Dinner Celebrates  
Harold & Carole's love of family and  
sports. Honoring their memory,  
this event raises money  
for the fight against  
cancer.

## MISSION STATEMENT

The mission of the Harold & Carole Pump Foundation is to raise funds and create awareness for the treatment and cure of cancer. By engaging the community, sports leaders, and those touched by this disease, financial support is given to the development of cancer treatments, programs and services as well as the procurement of advanced medical technologies.

# THE HAROLD & CAROLE PUMP FOUNDATION: RAISING FUNDS AND AWARENESS FOR 21 YEARS

The Harold & Carole Pump Foundation (H&CPF) honors a beloved father who lost his battle with cancer in 2000 and a loving mother who passed away in 2012. Using their unique relationship-building talents and skills, their sons Dana and David Pump, working with Northridge Hospital Foundation, have raised more than \$8.5 million for the Carole Pump Women’s Center, the Harold and Carole Pump Department of Radiation Oncology, and the Thomas and Dorothy Leavey Cancer Center at Northridge Hospital Medical Center and other non-profit community charities.

The mission of the Harold & Carole Pump Foundation is to raise funds and create awareness for the treatment and cure of cancer. By engaging the community, sports leaders, and those touched by the disease, financial support is given to develop cancer treatments, programs and services and to obtain the most advanced medical technologies.

## EDUCATION AND FREE SCREENINGS

Educating the community about cancer prevention and early detection is vital to the health of our residents. With free education and cancer screenings, lives can be saved with early detection. In 2020, the Harold & Carole Pump Foundation Outreach Program attended 14 community events and educated 373 people on cancer awareness. Due to the COVID-19 pandemic, community outreach in 2020 was limited by the cancellation of most health fair events that would regularly take place in the community.

Thanks to the generosity of the Harold & Carole Pump Foundation, the Carole Pump Women’s Center hosted 10 FREE health fairs for the uninsured in our community. “Reaching Out Health Fairs” attract hundreds of people who receive free breast evaluations and screenings.

Since prevention is key, attendees also learn how to decrease their chances of a cancer diagnosis. In 2020, the Harold & Carole Pump Foundation provided 293 people with the following FREE health screenings:

As a result of the screenings and follow-up provided, two positive breast cancer cases were diagnosed.

293  
Screening Mammograms

49  
Follow-up Consultations

44  
Diagnostic Mammograms

73  
Ultrasounds

9  
Ultrasound Needle Placements

10  
Biopsies

2  
Aspirations

## FAMILY PLAN - PATIENT NAVIGATOR

Finding compassionate support is important, especially for new patients who are overwhelmed with a cancer diagnosis. A patient navigator serves as a personal guide who meets with inpatients and outpatients one-on-one to better acquaint them with the Carole Pump Women’s Center, the Harold and Carole Pump Department of Radiation Oncology and the Leavey Cancer Center. Through the generous support of the Harold & Carole Pump Foundation, patients can rely on their Navigator for compassionate support, encouragement and education to ensure they have every available resource to make informed decisions regarding treatment, options and symptoms management.

## FAMILY PLAN - SUPPORT, COMFORT AND HOME HEALTH

The Family Plan Fund assists patients and their families with payment for services or equipment needs. Patients who are hospitalized or at home with a cancer diagnosis face many difficult hours filled with painful treatments, unpleasant side effects, invasive tests, and much uncertainty. This is interspersed with periods of depression and fatigue making it a very difficult time for the patient and their families.

In 2020, the H&CPF provided cancer patients with over 407 hours of home healthcare and one-on-one support.

## FAMILY PLAN - TRANSPORTATION TO THOSE IN NEED

For those cancer patients with no means of travel, the Harold & Carole Pump Foundation has budgeted a portion of their funding to provide transportation to and from the hospital for treatment and tests. This past year the Foundation provided 477 trips. This service continues to be a tremendous benefit for those in need.
