The Great Kindness Challenge—Creating a Culture of Kindness

L to R: Brian Hammel; Barbara Gonzalez; Joni Novosel; Saliba Salo; Richard Kang, M.D.

For the fifth consecutive year, Dignity Health served as a presenting sponsor of The Great Kindness Challenge (GKC). The GKC was created by the non-profit Kids for Peace, whose mission is to create a culture of kindness in elementary, middle, and high schools worldwide.

Northridge Hospital registered 35 schools for the challenge, engaged 28,198 local students who participated in a total of 319 acts of kindness. The activities included, kindness messages, spirit days, poster contests, and many more. Plus, students at Hart Elementary in Canoga Park were treated to a Teddy Bear clinic where they performed mini checkups on their new teddy bears—just like real doctors.

Dignity Health is proud to serve in this important event. It helps to create a lifelong commitment to kindness.
