**Hello humankindness...**

Heroes rise to the challenges of COVID-19! Today we recognize the teams that are getting the brunt of this crisis head-on, our ICU, Respiratory, and COVID Staff.

Each and every day, these teams walk into our hospitals wearing their proverbial capes as they march into uncharted waters. **We thank you!**

**Welcome to Northridge Hospital...**

As we continue to navigate the challenging reality of living our lives during COVID-19, we reflect on the moments we have had with our families. Though our celebrations over the last few months may not have been our “norm,” we still honor the people who matter most.

The Los Angeles County Department of Public Health has confirmed a total of 7,667 cases of COVID-19 in the San Fernando Valley, and as we approach this Memorial Day weekend, please remember to pause and recognize what unites us even as we continue to stay separated. We must continue to social distance so that we can progress in a positive way.

We thank our community for continuing to support Northridge Hospital Medical Center. The tremendous support through meals, PPE, plants, gift bags, etc has been tremendous. Collectively as a system, CommonSpirit Health Philanthropy has received over 4,000 gifts of cash and in-kind donations. Thank you so much for your support as we get through this together!
