Northridge Hospital Foundation*

MISSION STATEMENT

The mission of the Harold & Carole Pump Foundation is to raise funds and create awareness for the treatment and cure of cancer. By engaging the community, sports leaders, and those touched by this disease, financial support is given to the development of cancer treatments, programs and services as well as the procurement of advanced medical technologies.

Leah Pump

THE ANNUAL HAROLD & CAROLE PUMP FOUNDATION CELEBRITY GOLF TOURNAMENT & DINNER CELEBRATES HAROLD & CAROLE'S LOVE OF FAMILY AND SPORTS. HONORING THEIR MEMORY, THIS EVENT RAISES MONEY FOR THE FIGHT AGAINST CANCER.

THE HAROLD & CAROLE PUMP FOUNDATION – DEDICATED TO RAISING FUNDS AND CREATING AWARENESS FOR THE TREATMENT AND CURE OF CANCER

The **Harold & Carole Pump Foundation** (H&CPF) honors a beloved father who lost his battle with cancer in 2000 and a loving mother who passed away in 2012. Using their unique relationship-building talents and skills, their sons Dana and David Pump working with Northridge Hospital Foundation, have raised more than \$6 million for the Carole Pump Women’s Center, the Harold and Carole Pump Department of Radiation Oncology, and the Thomas and Dorothy Leavey Cancer Center at Dignity Health - Northridge Hospital Medical Center and other non-profit community charities.

The mission of the Harold & Carole Pump Foundation is to raise funds and create awareness for the treatment and cure of cancer. By engaging the community, sports leaders, and those touched by the disease, financial support is given to develop cancer treatments, programs and services and to obtain the most advanced medical technologies.

EDUCATION AND FREE SCREENINGS

Educating the community about cancer prevention and early detection is vital to the health of our residents. With free education and cancer screenings, lives can be saved with early detection. In 2015, the Harold & Carole Pump Foundation Outreach Program attended 95 community events and educated 7,482 people on cancer awareness. Education was provided in both English and Spanish.

Thanks to the generosity of the Harold & Carole Pump Foundation, the Carole Pump Women’s Center hosted 12 FREE health fairs for the uninsured in our community. “Reaching Out Health Fairs” attract hundreds of people who receive free breast evaluations and screenings. Since prevention is key, attendees also learn how to decrease their chances of a cancer diagnosis. In 2015, the Harold & Carole Pump Foundation provided 500 people with the following FREE health screenings:

500 Mammograms	
23 Diagnostic Mammograms	39 Ultrasounds
7 Biopsies	8 Ultrasound Needle Placements
40 Follow-up Consultations	

FAMILY PLAN – PATIENT NAVIGATOR

Finding compassionate support is important, especially for new patients who are overwhelmed with a cancer diagnosis. A patient navigator serves as a personal guide who meets with inpatients and outpatients one-on-one to better acquaint them with the Carole Pump Women’s Center, the Harold and Carole Pump Department of Radiation Oncology, and the Leavey Cancer Center. Through the generous support of the Harold & Carole Pump Foundation, patients can rely on their Navigator for compassionate support, encouragement and education to ensure they have every available resource to make informed decisions regarding treatment, options and symptoms management.

FAMILY PLAN – SUPPORT, COMFORT AND HOME HEALTH

The Family Plan Fund assists patients and their families with payment for services or equipment needs. Patients who are hospitalized or at home with a cancer diagnosis face many difficult hours filled with painful treatments, unpleasant side effects, invasive tests, and much uncertainty. This is interspersed with periods of boredom, depression and fatigue – making it a very difficult time for the patient and their families.

In 2015, the H&CPF provided cancer patients with over 1,095 hours of home healthcare and one-on-one support.

FAMILY PLAN – TRANSPORTATION TO THOSE IN NEED

For those cancer patients with no means of travel, the Harold & Carole Pump Foundation has budgeted a portion of their funding to provide transportation to and from the hospital for treatment and tests. This past year the Foundation provided 1,747 trips. This service continues to be a tremendous benefit for those in need.

“I love this program; I come to Northridge Hospital every year for my mammogram. This program gives me peace of mind because I have a family history of breast cancer. I have been checked every year since I was 28 and now I am 50 years old. Unfortunately, I do not have insurance and this program has been a blessing for me because I know I don’t have to worry about where I will get my mammogram each year. I know that I can come to Northridge for this service. I owe a huge thank you to the funders of this program because I don’t know what I would do without it. Thank you so much!”

Fariba M., grateful patient

“This has been an awesome experience coming here for my mammogram. I came across wonderful people who greet and help me through the process every year. Thank you so much for this generous and charitable work that you do. Thank you for all that you do to help me obtain a free screening during this difficult time where I do not have insurance.”

Grateful patient

“I am a new patient at the Thomas & Dorothy Leavey Cancer Center and have been so fortunate to have access to much needed transportation for myself. I’m writing to tell you what a wonderful “team” you have working for the center. From the front desk staff to the visible staff-it’s just a very nice environment to be in (if one has to be ill, it’s the right place to be!) Most especially kind, helpful and professional are the navigators. They are terrific! I’ve needed a lot of complicated assistance with transportation-and the staff has handled it perfectly and with a great attitude. So, I just wanted you to know this because some of us patients are going through difficult times and are so grateful to run across caring people who are willing to help others, this transportation service has been so wonderful for me. I want to thank you for all that you do!”

Julie C., grateful patient

“The Harold & Carole Pump Foundation has offered a taxi service to assist in getting me to my medical appointments. This has been extra beneficial due to the fact that I am currently bound to a wheelchair. Without this taxi service I would not be able to make it to and from my appointments. I would recommend The Harold & Carole Pump Foundation to anyone struggling with Cancer.”
