True acts of humankindness:

When 13-year old Leon came to Northridge Hospital for emergency care, he ended up being in just the right place at the right time.

As it turned out he was also positive for COVID-19. The Pediatric Intensive Care team at Northridge Hospital took great care of Leon and our team was happy to send him home to his family after a 9-day stay with us. Take care and stay strong Leon!

Welcome to Northridge Hospital...

Catholic Charities of Los Angeles serves all of Los Angeles, however in the San Fernando Region their **Guadalupe Community Service Center** is the organization of choice for our neighborhoods. The center serves the disadvantaged residents of the San Fernando Valley from Glendale and Burbank to Canoga Park and Chatsworth. Operating three community services locations and one temporary skilled worker center, the Guadalupe Center offers food, clothing/thrift store, in-home support for the elderly, case management, youth programs, day laborer programs and refugee and immigrant services.

Centers such as these are crucial for our community because of the enormous benefits they provide to disadvantaged residents who are in need of their particular services. But, they need support in order to survive and offer much needed services. For this reason, Northridge Hospital Foundation found it fitting to support them in their mission to serve the community.

Much like our vision, Catholic Charities of Los Angeles also shares the same ideals - we are driven by our humanity, committed to serve the vulnerable, and strive for a just society. We are so happy to have had the opportunity to share extra supplies and wheelchairs that we had with this great organization.

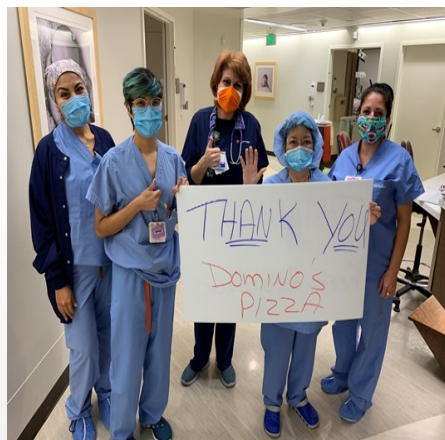

Thank you to our GENEROUS Community Donors of IMPACT...
