## Welcome to Northridge Hospital...

As Los Angeles starts to reopen, we realize how fortunate we have been as an organization. Northridge Hospital Foundation has received numerous gifts, some of which continue to be provided on a weekly basis. Today more than ever, we lean on our neighbors to support each other and to help get through these times, together as a community.

Last week, we shared some much needed supplies with MEND (Meet Each Need with Dignity) in Pacoima to help them better serve their community. MEND serves thousands of people every day by providing free medical, dental and eye care along with food, supplies and clothing to all in need.

We also shared supplies with local charity organization, Recuperative Care in Palmdale. Recuperative Care is dedicated to finding permanent housing for homeless and housing insecure patients who need to be discharged from the hospital but are unable to return to a stable and safe environment.

We felt very blessed to have the opportunity to fill each of their trucks with some much needed supplies to enable the distribution to the wider community. It is a great feeling to be able to help each other during these times of need. We continue to wish everyone good health as we get through the next phase of COVID-19.

## Thank you to our GENEROUS Community Donors of IMPACT...

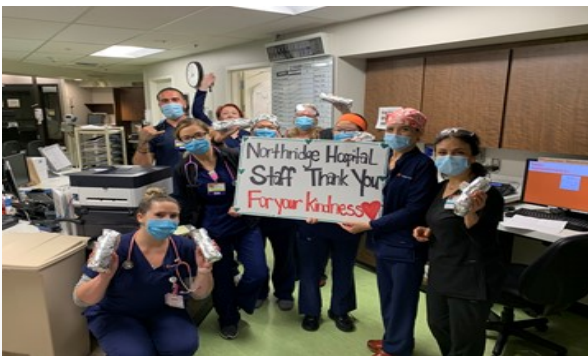

### Robin Permaul & Go Fund Me

Robin started a Go Fund Me Page at the beginning of COVID-19 for two reasons: one was to support front-line workers with delicious meals; secondly, to keep the economy flowing for local businesses near hospitals.

NHMC is one of twelve hospitals that her project supports. We are thankful for her efforts over the last several weeks and the delicious meals she continues to provide for our various departments.

### LIFEhouse Church

LIFEhouse Church, located across the street from NHMC, opted to support their neighbors. Pastor Dana, along with other volunteers of the church, decided to organize lunches twice a week for NHMC staff. They purchase all the lunches from neighboring small businesses to help support them through this unprecedented time. We sincerely thank you for thinking of your neighbors.

**Granada Hills Rotary Club**

Laine Caspi from the Granada Hills Rotary Club has been so amazing! Laine has coordinated hundreds of lunches for our front-line staff at NHMC.

But, she asked, how else they could help? We asked if she could get us “ear-savers” which are in high demand among our nurses.

So, what did she do... she went out and secured some ear-savers. Thank you for always keeping our staff happy.

**Charles Twagira at Park Regency Realty**

We recently received a call from Charles stating that he wanted to support our front-line staff. He decided to take things to a new level and deliver an ice cream truck to NHMC to provide some sweet treats to our staff. Well, he did didn't stop there. The following week he decided to provide pizza for our staff. We are thankful for your support, Charles!

**Thank you to our wonderful community for showing your humankindness!**

**Little Caesars, Northridge**

Thank you for providing lunch to our staff! Everyone enjoyed the pizza!
