Hello humankindness...

Earlier this week, a couple of excited grandparents were very thrilled to meet their new granddaughter and show their love. Unfortunately, because of the current situation they could not visit. To the rescue was Northridge Hospital's amazing ED department. Staff was able to position the grandparents outside the building so that their daughter could see them from the window of her room.

## Welcome to Northridge Hospital...

### Hospital & Community Updates:

As we wrap up the week, we are reminded of how special our community truly is. This week we celebrated **#GivingTuesdayNow** and **National Nurse Day**, two very important dates in the month of May.

Northridge Hospital experienced first-hand what it means for a community to come together and support each other during a crucial time in history.

We are beyond grateful for the outpouring of support we have received this week that has included small gestures such as thank you posters throughout the hospital, lifesaver ears for nurses to wear with their masks, numerous meals, and online financial support.

All gifts received have truly left an impression on all of us. We will never forget the support we have received, especially when it was needed most. Thank you for your participation in **#GivingTuesdayNow** for 2020. We look forward to an amazing summer filled with even more humankindness!
